

## News and Views . . .

### and what have you

by BOB CRAIG

Accident statistics are just so many cold figures on paper, meaningful only if they relate closely to you and to your loved ones. Few people, to be sure, will be overly concerned that accidents last year claimed 93,000 lives and disabled 100 times that number. Or that 4,000,000 in-home accidents in 1960 resulted in 27,500 deaths.

But put accident figures on a more personal basis and suddenly they acquire new meaning.

Are you between one and thirty-six years of age? Accidents were the leading cause of death in this age group last year. Among males, the figures extend to thirty-seven years.

Did you have a fall last year? You're lucky to be reading this. More than two-fifths of accidental deaths in 1960 were caused by falls at home. Only motor vehicle fatalities outranked deaths from falls.

Is there a youngster in your household between the ages of five and fourteen? Last year in-home accidents killed 6,800 children in this age group, an increase of four per cent over 1959, the National Safety Council reports.

For any responsible adult parent, these figures provide much food for sober thought. Home accidents are on the rise, resulting in a terrible waste of human life and a fantastic number of disabling injuries. Why? What can you or anyone do to halt this alarming trend?

For the twelfth consecutive year, a national Emergency Don't Wait Week has been proclaimed. This year it is October 8-15. Sponsored by Johnson & Johnson and the nation's pharmacists with the cooperation of the Boy Scouts, the Red Cross and other service organizations, the purpose of EDWW is to alert American families to the accident hazards that exist in and around the home, and to educate them in the proper safety measures to take to "accident-proof" their homes.

We know—from statistics—that carelessness is the major cause of home accidents. A little forethought can prevent untold injuries, save many lives. And making your home a safer place is no great undertaking.

It means marking all medicines and poisons clearly and putting them out of children's reach; keeping toys out of driveways and off stairs and porches; covering electrical outlets with tape if there are crawling tots at home; turning handles of utensils inward toward the stove, so prying hands can't get at them; protecting floors with non-skid wax and using only sturdy ladders and stepstools for climbing and reaching chores; keeping the medicine chest well-stocked at all times with first aid basics and having a reputable first aid manual handy.

Emergencies do happen . . . but emergencies don't wait. Today—right now—take the few simple measures to safeguard your home and your family. Don't become this year's vital statistics.

### School Holidays Announced Here

School holidays for this year were announced this week by C. F. Cook, superintendent.

Students will be dismissed from classes on November 23 and 24 for Thanksgiving and at 3 p.m. on Thursday, December 21 for Christmas. They will resume classes on Tuesday, January 2, 1962. There will be one holiday in March while the teachers are attending a meeting, but a definite date has not been set at this time. Friday, April 20, will be the Easter holiday.

Plans now are for school to be dismissed for the summer on May 18 with Baccalaureate Service for the seniors on May 20 and the Commencement program on May 21 according to Cook.

## B. H. BUNKLEY DIES AT HOME SATURDAY

B. H. Bunkley, 76, died at his home on Route 3, Saturday at 10:00 p.m. following a heart attack.

A resident and farmer of this area for the past 20 years, Mr. Bunkley was born September 23, 1885, in Farmersville, Texas. He was married to Madona Gotcher on May 6, 1907, in Farmersville. They lived in Stamford for a time before coming to Hamlin. He was a member of the Neinda Baptist Church.

Funeral services were held Monday at 3 p.m. in the First Baptist with the Rev. Frank Codrington, pastor of the Neinda Baptist Church, and the Rev. Fred Boen officiating. Burial was in Hamlin East Cemetery under the direction of Hamlin Funeral Home. Nephews of Mr. Bunkley served as pallbearers.

Two brothers, E. P. and Claude, preceded him in death.

Survivors include the wife; one son, Burl G. of Altus, Oklahoma; four daughters, Mrs. Carl Back and Mrs. T. A. Jones both of Hamlin, Mrs. L. W. Waggoner of Texas City and Mrs. R. G. Malone of Hurst, Texas; two brothers, W. E. of Stamford and U. F. of Lueders; one sister, Mrs. Tom Elliott of Fort Worth; eight grand children and five great-grand children.

### Rainbow Girls Now Saving Cartons For Charity Projects

The Hamlin Assembly of the Rainbow Girls is asking for your help in their new fund-raising project. They are collecting the paper cartons from around any Adams Extract product. These cartons will be redeemed by the company and the money used by the girls in their charity projects.

Any Adams product is acceptable and all sizes of cartons are usable. Please save all cartons and turn them over to any Rainbow Girl, Mrs. Bertie Perryman at Piggly-Wiggly, or Mrs. S. C. Ferguson Jr., Mother Advisors.

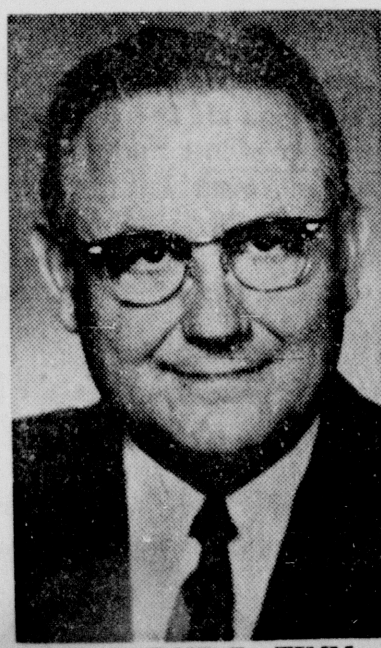

An open Installation of officers for the new term will be held at the Masonic Hall at 7 p.m. on Saturday, September 30. All parents of the girls, All Masons and Eastern Stars are cordially invited to attend this meeting.

### Area Farmers Invited to Hear Dr. Timm of A&M Speak

Farmers of this area have been invited to hear Dr. Tyrue R. Timm, head of the department of Agricultural Economics at Texas A&M College, who will speak Tuesday night in the National Guard Armory. Dr. Timm will discuss "Agriculture in the Sixties."

Stamford Rotary Club is sponsoring the appearance of Dr. Timm and coffee and doughnuts will be served prior to the meeting which has been set for 7:30 o'clock.

Dr. Timm is in charge of all resident instruction, research and extension work in the A&M College system in agricultural Economics and Sociology. His staff totals around 35 men. He has held many responsible positions in agriculture in the federal government and is author of numerous papers on farm problems.

DR. TYRUE R. TIMM

**MAKING FINAL PLANS**—Ex-Student Association officers are checking plans for the seventh annual Homecoming to be held October 6-7. Standing, left to right, James Wright, second vice-president; Guy Weaver, first vice-president; Brad Rowland, president; and Mrs. Brad Rowland, treasurer. Seated left, Mrs. Jack Vaughan, secretary, and right, Mrs. Bo Newland, reporter. Local exes are urged to make reservations early for the Saturday barbecue. Tickets are \$1.25 and may be purchased at the registration headquarters now open in the office of James Rodgers, 134 South Central. Coffee and cookies will be served at the headquarters, on both the 6th and 7th, by the B & P.W. Club.

**HOMECOMING QUEEN CANDIDATES**—One of these girls will be crowned Homecoming Queen during halftime activities of the Hamlin-Childress football game, October 6. Candidates are, standing left, Nancy Carter, daughter of Mrs. Flora Carter, and Linda Bingham, right, daughter of Mr. and Mrs. Carl Bingham; seated left, Thersia Carlan, daughter of Mr. and Mrs. C. W. Carlan, and Leona Brinegar, right, grand-daughter of John Walker.

## OVER 600 REGISTER DURING SHOPPING CENTER'S OPENING

Over 600 registered for the door prizes given away by the Coin Clean Center during their two day celebration of their opening. Mrs. George Kinney, owner, said that, "the enthusiastic reception of our new laundry and drycleaning services was way beyond our wildest expectations."

Prizes were given away at a public drawing on Saturday afternoon at 4 o'clock. All tickets were placed in one of the big red clothes dryers and thoroughly tumbled, in full view of a capacity crowd, and names were announced over the sound system furnished courtesy of Mrs. Baird's Bakery, Abilene.

Lucky names drawn were: George Howard, 50-piece set of stainless steel table ware; Mrs. R. M. Sizemore, Sunbeam steam iron; Mrs. Dean Witt, Emerson table model radio; bedspread, Sandra Bottoms; pole lamp, Bobbie Shields; Steve Bury, electric kitchen clock; Mrs. W. O. Graham, hassock; Mrs. Wayne Hodnett, blanket; Mrs. Vera Jayroe, corduroy pillow cover; Mrs. Jay Perryman bath mat set; Janice McCracken, plastic laundry basket; Mrs. Melvin Sharp, plastic garment storage bag; Mrs. Howard Faught, corduroy pillow cover; and Mrs. T. W. Havens, plastic laundry basket.

Winners of the 12 baskets of groceries by Bill's Minit Mart during their opening were: Mrs. Leon Smith, Mrs. J. P. Westmoreland, Mrs. A. G. Smith, L. A. Johnson, Dallas Acklin, Mrs. G. W. Kincaid, Mrs. Gene Scott, Mrs. Donley Williams, Anita Flores and Diara Flores.

Helping demonstrate the Speed Queen laundry equipment were Jim Jennings and Tom Brittain of Sun Appliance and Electric, Inc. of Abilene. Van Massey, regional service manager, and Jerry Webster of Dallas were here to demonstrate the RCA Whirlpool Dry Cleaning units.

Assisting in registering and serving refreshments during the opening were: Mmes. C. C. Prater, G. H. Rabjohn, Pete Bond, Doc Fuller, Homer Raney and Paul Martin.

## Hailstorm Hits East of Hamlin

Farmers east of Hamlin were still uncertain as to how much of their cotton crop they would be able to salvage following Sunday night's devastating hailstorm which was accompanied by heavy rains. The hail storm covered an area about a half-mile wide and four or five miles long and caused from 10 to 60 per cent damage.

Estimates run as high as \$100,000 loss due to the storm. The damage was inflicted on part of the same area that was struck by last year's million dollar storm.

The farmers were uncertain as to the full effect of the hail that defoliated acre after acre of cotton leaving only the larger holes on the stalks. No one seems to know how many of the remaining bolls will go ahead and open nor how

good the crop might be. Some of those hit this Sunday failed to get out a single bale last year. Some of those hardest hit

by the storm were Joe Murff, Jack Vaughan, Kenneth and J. C. Riddle, Ernest Jenkins, Vernon Mayfield and Mrs. Dave Herbst.

## COMMUNITY COMMITTEEMEN ELECTION RESULTS ANNOUNCED

Results of the election of ASC Community Committeemen for Jones County were released by J. Noel Weaver, Chairman, County Agricultural Stabilization and Conservation Committee. The election was held by mail during the week of September 15th, and the ballots were counted on September 19th.

Farmers elected to the committee include:

"A." Gayle W. Baize, Chairman; Larry L. Holmes, Vice-Chairman; James W. Brown, Regular Member; O. Woodrow Bagley, First Alternate; and Tony D. Jones, second Alternate.

"B." Iredel H. Rogers, Chairman; John B. Schoonmaker, Vice-Chairman; Jack Young, Regular Member; John Ed Youngquist, First Alter-

nate; and Ira Treadwell, Second Alternate.

"C." B. R. Doty, Chairman; Billy Vinson, Vice-Chairman; E. E. Newton, Regular Member; Mack R. Collins, First Alternate; and Franklin Godfrey, Second Alternate.

"D." Geo. T. (Sam) Mashburn, Chairman; Clayton Dillard, Vice-Chairman; Jim C. Rainwater, Regular Member; Frank F. Carter, First Alternate; and M. M. Spurgin, Second Alternate.

The ASC community committee chairman and vice-chairman automatically becomes the delegate and alternate delegate, respectively, to the County Convention where the County ASC Committee will be elected. The County Convention will be held in the Jones County ASCS Office Friday.

## Pipers Journey To Winters Friday

The Winters Blizzards will be seeking their second win of the season Friday night when they play host to the Pied Pipers. Playing one of the toughest schedules in AA,

the Blizzards won their opening against 3-A Lake View and then fell before Anson, Brady and Albany.

### Foursquare Pastors To Attend Annual District Convention

Rev. and Mrs. Spencer Liles, pastors of Hamlin Foursquare Church, 6th and Alamo Sts., plan to attend the 20th annual four-day convention of the South central district Foursquare churches, slated to open Monday, Oct. 9, in First Foursquare Church, Dallas.

According to the local minister, Rev. J. Craig Bigg, district supervisor of Foursquare churches in Arkansas, New Mexico, Oklahoma and Texas, has programmed the convention to highlight the theme of "Forward Foursquare" in the Sunday school, youth, missionary, United Foursquare Women and Council of Foursquare Men services.

Dr. Howard P. Courtney, Los Angeles, general supervisor of the denomination's more than 750 churches in the United States and Canada, is to be keynote speaker, sharing the pulpit during the convocation with Dr. Charles R. Gaines, who preceded Mr. Bigg as district supervisor, and Rev. and Mrs. Lloyd Dickerson, and Rev. Velma Dickerson, missionaries on furlough from Brazil.

Dr. Courtney will also officiate the Sunday prior to the parley in the dedication of recently completed new edifices for the two Dallas churches, says Mr. Liles.

### HOSPITAL NOTES

Patients in Hamlin Memorial Hospital Wednesday morning were:

Mrs. O. L. Cooper, Alton Parker Jr. of Aspermont  
Mrs. E. J. Croan, Clyde Carroll  
Mrs. Tucker Newland, Art Revell of Blackwell  
Bill King of Roby  
Mrs. A. Spencer  
Mrs. J. L. Chenault of Aspermont  
Mrs. J. N. Hubbard, Miller Harmon  
Mrs. H. Feagan  
T. W. McGuire  
Mrs. J. H. Lee  
Mrs. L. M. Sutherland  
Mrs. Hub Hopper

## RURAL YOUTH DAY SET FOR OPENING DAY OF STATE FAIR

Rural Youth Day, one of the major events of the widespread youth program sponsored by the State Fair of Texas, will take place Saturday, Oct. 7, which is also opening day of the 1961 Fair.

Upwards of 100,000 boys and girls from all over Texas will gather at the Fair for Rural Youth Day, which has grown to be the largest assemblage of rural youngsters anywhere.

The vast crowd of kids will be made up of 4-H club boys and girls, Future Farmers and Future Homemakers from every part of Texas. Some 200 of the state's 254 counties will be represented.

Some of the youngsters will come from as far as 600 miles away from Dallas, travelling all night in order to be on hand at the fairgrounds bright and early for Rural Youth Day. The great majority will come in school buses and the mass of big yellow buses will make a colorful spectacle on the fairgrounds parking lots.

The hordes of kids will be guests of the Fair and Dallas businessmen at a gigantic picnic feast at noon.

Recent visitors in the home of Mr. and Mrs. Felton West were their son, T. F. West, from Detroit, Michigan, Mrs. West's mother, Mrs. T. E. Lail, and her sisters and families, Mr. and Mrs. J. L. Curtis, and Mrs. Sonley West and grandson all of Glenrose.

The State Fair youth program, a vastly important phase of the Fair's contribution to Texas, includes the Junior Livestock Show and many other activities in addition to Rural Youth Day.

### Faith Methodist Church Organizes Methodist Men

The Methodist Men and the Woman's Society of Christian Service of the Faith Methodist Church met for business meetings and a social at the church Tuesday at 7 p.m.

Tom Barfield of Haskell was guest speaker for the organizational meeting of the Methodist Men.

District Lay Leader of the Stamford District Methodist Churches, Barfield spoke to the men concerning layman's commitment to evangelism and missions of the church.

Bill Donimey was elected president of the organization during the business portion of the meeting. Assisting him will be N. L. Crowley, as vice president; J. W. Austin, secretary-treasurer and Rev. Fred Brown as song leader.

Regular meetings will be held on the fourth Tuesday of each month.

Mrs. Fred Brown led the W. S. C. S. group in a Bible Quiz following the business session.

**PROJECT AID**—Members of the Hamlin Jaycees look over part of the food and clothing they collected Thursday night in their drive for aid to the people of Matagorda who were victims of hurricane Carla. The supplies were shipped to the Bay City Jaycees Tuesday by Merchants Fast Motor Lines for the Jaycees there to distribute to Matagorda, the town adopted by Hamlin in the statewide program sponsored by the Texas Junior Chamber of Commerce.

## Chevrolet Offers 3 Lines for 1962

Greater choice as

The wide range of choices Chevrolet dealers will offer for 1962 is hinted in this three-car photograph. Pictured to compare over-all length are (top to bottom) the 180-inch Corvair 4-Door Sedan; the 183-inch Chevy II 4-Door Sedan, and the Impala Sport Sedan which measures 209.6 inches. They are representative of 32 passenger car models which Chevrolet dealers will start displaying September 29. The new Chevy II's bow in on the same date as other Chevrolet-built cars.

Smooth flowing lines accent

## Chevrolet's Newest Line—the Chevy II

One of the nine models of Chevrolet's newest passenger car line, the Chevy II series, is this 4-door sedan which proudly reflects straight flowing lines with simply sculptured details. Recessed single unit headlamps, a choice of four- or six-cylinder engines, and manual or automatic transmission are but a few of the many features found in this new line. The Chevy II's, along with the complete array of 1962 Chevrolet cars, will make their public appearance on September 29.

### Declares Dividend

Chicago—The board of directors of The Celotex Corporation today declared quarterly dividends on common and preferred stock for the quarter ending October 31, 1961. The dividends are 25 cents a share on preferred stock and 25 cents per share on common stock, both payable October 31, 1961 to the stockholders of record October 6, 1961.

Nearly all drivers know right from wrong in traffic, but some of them just hate to make a decision.

thinking  
of your  
family at  
home?

**WHY NOT PHONE THEM? SO ECONOMICAL WHEN YOU CALL STATION-TO-STATION AND SAVE ONE THIRD . . .** When you're away, call your family more often by taking advantage of the bargain rates of station-to-station (a call to a distant number instead of to a particular person). Why not call them right now? They'll enjoy it and so will you.

**HERE'S HOW TO CALL:** Give the operator the area code for the city you want to call . . . next, the number you are calling . . . and, when the operator asks, give the number you are calling from.

If you don't know the area code number, the operator will be glad to give it to you. Jot it down for future use.

Call by number . . . it's twice as fast.

## CHEVROLET OFFERING COMPLETE NEW LINE OF CARS FOR 1962

DETROIT—Chevrolet's passenger car line-up for 1962 features extensive restyling and major mechanical changes for its standard models plus a new complete line of smaller cars to be known as Chevy II.

This will bring the company's 1962 passenger car line-up to 32 models—highest in its history—available in the Corvair, Corvair, Chevy II, and standard Chevrolet lines. These cars will be displayed in Chevrolet dealerships beginning Friday, September 29.

The new Chevy II is larger than the Corvair but smaller than Chevrolet's regular car. Station wagons, a hardtop sport coupe and a convertible are included among nine models in the new line which emphasizes simplicity in styling and maximum functionalism in design.

Although the Chevy II design is basically conventional, it offers new front-mounted four- and six-cylinder engines, integral frame and body construction with bolt-on front end and an industry exclusive in tapered plate rear springs. Both three-speed manual and automatic transmissions will be available.

From a styling standpoint, the standard Chevrolet for 1962 reflects the greatest change, although Corvair models and the Corvair will also feature a number of appearance changes as well as new exterior colors and interiors.

The new standard Chevrolet features a crisp, tailored look. The 1962 models have completely new sheet metal, grille work, bumpers and ornamentation, as well as new exterior colors and restyled interiors. New roof lines for sedans and the Impala sport coupe also highlight the new styling.

A number of mechanical

changes and modifications will improve performance, durability and economy of 1962 models.

Among the major changes are a new 327 cu. in. V8 engine, a new weight-saving Powerglide automatic transmission and tires with advanced two-ply design.

The new V8 engine is rated 250 horsepower. It replaces the 348 cu. in. engine except for use in heavy trucks. Its performance equals the 348, but fuel economy and engine operating efficiency are both improved.

The redesigned Powerglide will be used with the new V8 engine and both the four- and six-cylinder engines of the Chevy II line. Extensive use of aluminum helps save 85 pounds of weight.

The new tires give improved fuel economy and ride quality while retaining load-carrying abilities, strength and durability of four-ply tires.

Heaters and built-in front seat belt anchors are standard equipment on all 1962 Chevrolet cars. A limited slip differential and air-conditioning are also available throughout the line of 32 passenger car models.

Adding to its fresh styling appearance, Corvair will have twin ornamental grilles in front plus restyled emblems, tail lights and engine exhaust grille. As a result of the strong popularity of the sporty Monza models, the Corvair 500 station wagon will be replaced by a luxurious Monza station wagon with optional bucket seats.

Corvette for 1962 will display a different look through a new body side cove treatment, as well as new radiator grille and emblems. The higher powered 327 cu. in. V8 engine will replace the 283 cu.

in. engine in this popular American sports car.

The new Chevy II, while being slightly larger on the outside than the Corvair, is designed to give passenger car and luggage space more nearly equal that of the standard Chevrolet. The car is 183 inches long and has a 110-inch wheelbase. It is 70.8 inches wide and 55 inches high.

E. N. Cole, Chevrolet general manager, said "the Chevy II is designed to provide good basic transportation for the average American family and at the most reasonable cost. This includes not only the original purchase price but also more economical operating and maintenance expenses."

The car has simple, yet refined styling. Finely sculptured lines flow the length and width of the car to give it a long and substantial appearance.

The nine Chevy II models are divided into three series, with station wagons listed in each. In addition, two-door and four-door sedans are included in the 100 and 300 series. The Nova series also includes a sport coupe and convertible.

The tapered plate spring introduced on the Chevy II is an industry first and fulfills a long-time dream of automotive engineers. It is the result of years of research to find a rear spring arrangement which would cut the weight and assembly time of multi-leaf and coil springs while providing friction-free ride quality.

The new rear springs are mounted in heavy rubber insulators for maximum noise isolation. The spring is a steel bar five feet long with variation in thickness and width to provide uniform stress distribution.

Economy of operation is emphasized in both the four-cylinder and six-cylinder engines designed specifically for the Chevy II. This will mark the first time since 1928 that Chevrolet has offered a four-

cylinder power plant. The four-cylinder engine has a 153 cu. in. displacement and is rated at 90 horsepower. The six-cylinder unit has 194 cu. in. displacement and generates 120 horsepower.

Both automatic and three-speed manual transmissions are available in the Chevy II.

The body-frame integral design used by Chevy II provides unusual strength and torsional rigidity as well as weight savings. The highly functional design of the entire car allows maximum conversion of exterior size to usable interior space for passenger comfort and luggage storage. In addition, the unitized front end structure will decrease maintenance costs because of easier access of components and parts for maintenance, repair or replacement.

The wide customer choice available in the Chevy II is further accentuated by the 14 exterior colors which will be available along with color-keyed interiors. A full line of comfort and safety options will be available, including power steering and brakes.

HAMLIN, TEXAS

DIAL SP

# Pipers Stop Rotan Offense

Behind the powerful running of fullback Frankie Lee and fullback-halfback Rayford Williams, the Pipers crushed the Rotan Yellowhammers on their home field Friday night, 21-0. The pair each carried for more yards than the entire Yellowhammer backfield, with Lee gaining 114 yards in 23 strikes against the Rotan defense and Williams picking up 104 yards on 17 carries.

The Pipers to get their offense moving with their first score coming in the second period on a 94 yard drive ending with a seven yard pass from quarterback Stanley Austin to end Jimmy Cooper.

The second Piper tally came quickly in the opening minutes of the second half on a 63 yard drive with a six yard run around right end by Austin for the score.

The final tally, coming in

Hamlin	Rotan
23 First Downs..... 6	242 Yds. Rushing..... 63
68 Yds. Passing..... 35	6 of 13 Pass Comp. 2 of 11
0 Passes Int..... 2	2 for 37 Punts, Avg. Yd. 5 for 37
7 for 75 Penalties, Yd. 2 for 30	1 Fumbles, Lost..... 1

Score by quarters:  
Hamlin 0 6 8 7—21  
Rotan 0 0 0 0—0

A strong Hamlin defense, led by Neal Branscum, held the highly rated Donald Goodrum to 22 yards in 12 carries. Goodrum came up with a minus yard rushing in the second half.

After the opening kickoff by Cooper, the Yellowhammers picked up a quick first down and then were forced to punt from their 36. The Pipers moved from the Rotan 48 to the 12 before fumbling with Rotan recovering on the 13 to end the first threat.

The Yellowhammers moved the ball out to the 26 before punting to the Piper 43 with the Hamlin squad picking up a first down before Cooper punted to the Yellowhammers. Gaining a first down before getting in trouble on a seven yard loss, the Yellowhammers pulled off one of the top plays of the night when they got off a 64 yard quick on third down with the ball rolling dead on the Hamlin four yard line.

From the four Lee blasted out 10 yards to the 14 and then added six more. Dan Newberry worked his way through for nine and a first. Lee gained eight more and then Williams carried for two and four yards to the Hamlin 43. Lee given the ball on the next three plays, picked up four, three and 13 yards to

Columnist Henry McElmore: "It's entirely possible to be killed at 10 miles per hour, but it's nowhere near as assured as at 70 or 80!"

the Rotan 36. Williams carried to the thirty and then the Yellowhammer defense tightened up with Lee gaining two, Dan one, Lee again for three and a first on the 24. The next first down took all four downs with Lee gaining four, three and one and Dan two. From the 14, Dan picked up three, Williams four and then Austin faked a handoff and turned and passed to Cooper on the opposite side of the field for the score. The pass try for the points after was incomplete and Hamlin led by six points at the half.

Van Newberry returned the second half kickoff to his 37 from where Williams gained 15 yards on the draw play. Lee picked up five, Dan two and Lee six for a first down on up another 15 yarder to the Rotan 25. Williams ripped 20 from there Austin took to the air, passing to Lee for 10 yards to the 10.

Lee carried down to the six. Williams was stopped for no gain and Austin faked a handoff and raced across the field for the flag and the second score. Williams powered in for the two points to make the score 14-0.

Rotan failed to make a first and punted to the Hamlin 32 from where Williams and Lee each gained eight yards to the 48 before disaster struck. A the ball back on the 43 and five yard offside penalty put then Austin lost two and a clipping penalty set the Pipers back to the 26. From there, Austin took to the air only to have Lemnis Polnac intercept and return to the 26.

In four plays the Yellowhammers moved the ball to the Piper 14 from where in three plays they lost 13 yards and could gain only 13 yards back on a fourth down pass play as the Pipers stopped their only scoring threat.

The Pipers moved the ball out to the 32 before punting and after three plays and five yards the Rotan team punted to the Hamlin 20. Williams carried for 12 yards and then picked up eight more to the 40, with Lee getting the first

## PIPER PATTER.

By SANDRA SMITH

One more mistake can be added to my growing list. My sincere apology to Theresa Carlan because in listing the homecoming queen nominee I put Laverne Williams instead of her. I'm truly sorry Theresa.

Do you need a cake this week-end? Well, the Seniors have one for you. Just tell a Senior or call Mrs. Paul Cooper, Mrs. Benny Ford, or Mrs. Buford Bigham and someone will deliver a cake to your door on the day you want it.

There will be some cakes on sale down town Saturday morning, but don't take the chance of being left out. Call now!

-hhs-

All the freshman girls who are members of the FHA had a huge treat Tuesday when some upper classmen became their "Big Sister" for the FHA picnic. The picnic was held at Frog Park at 5:00 p.m. Everyone had a lot of fun, and I'm sure the girls will never forget the kindness shown to them by all the upper classmen.

-hhs-

The staff for the 1962 Piper will be headed this year by editor, Gloria Jenkins. Gloria will be assisted by Jimmy Inzer. In charge of selling advertisements will be Mary Smith assisted by Lou Ann Hawkins. Leona Brinegar and Barry Chesler will be senior class editors with Sandra Jayroe and Dan Newberry as Junior editors. Serving as the other two class editors will be Kay McCoy and Kenney Preston, sophomores, and Carolyn Reynolds and Jackie Townley. John Ferguson will be in charge of the art work and Gary Ted Jay the snapshots. Typists are Velta Hastings and Laverne Williams.

## COME SEE new Ford Trucks for '62

America's best selling van—and small wonder! Priced far under popular conventional 6 1/2-ft. panels but has larger loadspace (204 cu. ft.) It can save \$100 a year on gas, oil, tires.

New 262-cu. in. Big Six for Ford Mediums includes more heavy-duty engine features than any other Six of its size. Good gas economy, too!

Exclusive one-piece cab-body design gives Ford Styleside Pickups extra capacity and extra strength. Heavy duty in every way for heavy going all day! Carlike riding comfort, too.

## COME SAVE

with full-time economy

Come meet the trucks that make saving money a full-time business... the new Ford Trucks for '62... a selection of over 600 models in all!

Come see the truck that's right for your job, whatever your job. Come see the trucks you can buy and operate at lower cost... trucks that can save you money mile after mile, load after load, year after year!

Ford's full-time economy only starts with low price. It includes savings on gas and oil. It includes savings on tires and on maintenance—wherever there's a chance to save. Come in today and let us show you how. Check out the facts. Work out a deal.

## NELL WALDON AND SAMMY BRYSON EXCHANGE VOWS

Nell Waldon and Sammy Bryson exchanged marriage vows September 15 at 8 p.m. in the home of the Rev. and Mrs. James Woods. The Rev. Woods, pastor of the Aspermont Central Baptist Church, conducted the double ring ceremonies.

The bride's parents are Mr. and Mrs. R. C. Waldon and the bridegroom is the son of Mrs. Luke Bryson.

The bride wore a rust colored two piece dress with brown accessories and a veil that topped with a cluster of feathers. Her corsage was of white carnations.

Arlene Waldon, sister of the bride, was maid of honor and

Michael Brandon was best man.

Miss Waldon wore a beige dress with white accessories and a corsage of white carnations.

The bride was a 1961 graduate of Hamlin High School where she was active in basketball, volleyball, tennis, F.H.A. pep squad and was head cheerleader one year. She is a bookkeeper at the Hamlin Memorial Clinic.

Bryson, also a 1961 graduate of Hamlin High School, participated in FFA and track. He is employed at the Mid West Co-op Oil Mill.

Following a wedding trip to Abilene the couple is at home at 37 S.W. Ave. E.

## FIRST METHODIST WSCS MEET

"The Condition of the Contemporary Pentecost" was the program subject for circle meetings of the Woman's Society of Christian Service of the First Methodist Church.

Circle No. 1 met in the home of Mrs. M. L. Smith Monday afternoon with Mrs. Fred Carpenter as program leader.

This circle will be hostess for the W.S.C.S. Luncheon and general business meeting on October 3 at the church.

Those present were Mmes. Dean Witt, O. D. Roland, E. M. Wilson, L. C. Bonds, Jones, Carpenter and Smith.

The Watson Circle met Monday afternoon in the home of Mrs. W. B. Elkins. Mrs. Jim Ballard presented the program.

Refreshments were served to those present: Mmes. A. A. Hackley, E. R. Watson, M. T. Hudson, A. T. Black, Holly Toler, L. H. McBride, Perry Sparks, Loy Hill, Edna Thomason, Joe Murff, Ballard and Elkins.

The next circle meeting will be held on the fourth Monday in November in the home of Mrs. Hudson with Mrs. Sparks as program leader.

Mrs. C. F. Cook was hostess to the Bailey Circle in her home Tuesday morning. Mrs. Tom Teague and Mrs. Harry Gardner presented the program.

Those present were Mmes. John B. Ferguson, Richard

Young, Ed Bailey, Mable Nunley, W. H. Parker, B. V. Anderson, Teague, Gardner, Cook, Miss Ella Temple and Mrs. Cook's daughter-in-law and grand daughter from New Jersey.

## Mr. W. L. Boyd Honored on 82nd Birthday Sunday

Mr. W. L. Boyd was honored on his 82nd birthday with a reception which was held Sunday, September 24th, from 2 until 6 p.m. in the home of Mr. and Mrs. Henry Albritton.

Mr. Albritton greeted the guests and introduced them to the honoree and Mrs. Boyd.

Four of Mr. and Mrs. Boyd's six children were present for the reception. They were Mr. and Mrs. Phil Sparkman of Sweetwater, Mr. and Mrs. Wright Boyd of Lamesa, Mrs. Dale Lain of Lamesa, and the host and hostess, Mr. and Mrs. Albritton. A grandson, Mr. Wright G. Boyd and his wife were also present. Approximately fifty guests called between the hours of two and six.

Out of town guests were Mr. and Mrs. M. Shaw of Abilene, and Mr. and Mrs. J. M. Crawford of Haskell.

Mr. Boyd is a well known and loved resident of Hamlin where he has lived for the past thirty-two years. He has been and still is active in church

## TOWN NEWS--

By. MRS. CHARLES ABSHER  
Phone SP 4-2155

Mr. and Mrs. Harold Bonner returned home last week after spending two weeks visiting their daughter and family.

Mr. and Mrs. Dale Beaver of Whittier, California; and their son and family, Mr. and Mrs. Robert Bonner, of Costa Mesa, California. They also visited in the home of Mrs. Warren D. Bonner of Wilshire, California. Accompanying the Bonners to California was Mrs. E. A. Preston who visited with her sister, Mrs. J. C. Jordan at Beaumont, California.

Visitors in the home of Mr.

and Mrs. Joe Holt over the weekend were Mrs. Lee Jenkins of Altus, Oklahoma, and Miss Mildred Holt of Wichita Falls, Texas.

Mr. and Mrs. Joe Simpson were called to Waco Friday night due to the illness of their daughter, Carol Joe, who is a student at Baylor University. Mr. Simpson returned home on Sunday night but Mrs. Simpson will remain in Waco until Carol is released from the hospital. The latest report is that Carol is doing nicely and that the pneumonia is clearing up.

and civic affairs of our city. Mr. Boyd still does his own farming and cattle raising and he is just as active in this work as he was a number of years ago which should prove that one is just as young as one acts.

## DODGE UNVEILS DRAMATICALLY REDESIGNED DART FOR 1962

Dodge today unveiled a dramatically redesigned 1962 Dart which, according to company officials, provides a "real combination of not just a choice between action and economy."

The popular-priced Dart features a new, classical, functional styling and an impressive series of engineering advances.

The car will go on display at John Green Motors on September 28.

Dodge General Manager Byron J. Nichols said the newly designed Dart is "all muscle."

"There is no useless weight in this car," Nichols said. "All

of it has been engineered out by taking advantage of new materials and new design techniques."

As a result, the 1962 Dart is slightly shorter and lighter than the 1961 models, but both headroom and legroom dimensions have been increased. And the new design also provides significant increases in performance, economy and maneuverability.

In Darts with the standard V-8 engine and automatic transmission, for example, acceleration from 0 to 60 miles an hour has been improved approximately 7 per cent and gasoline economy by about the same percentage. With the six-cylinder engine with manual transmission, 0-60 acceleration has been increased about 11 per cent and economy by about 3 per cent.

The Foursquare Church Sunday School will begin the Evangelical Teachers Training Association course for teachers and officers on Monday, October 2.

The E.T.T.A. program was founded by Dr. Clarence H. Benson in 1930 and is a preliminary course consisting of six units, three on Bible and three on method. The course requires 72 class periods of 45 minutes each to complete. Written examinations are given on each unit and those who complete the course with an average of 75 or above are issued a certificate by the Evangelical Teacher Training Association and are registered in Wheaton, Illinois with the Association as Trained Teachers.

All teachers and officers of Foursquare Sunday Schools are required to complete this course before they can hold an office or teach a class.

Classes will be conducted at the church Monday, Tuesday and Thursday nights from 7 to 10 p.m. for six weeks.

**B Team Defeated**

The Hamlin B Team lost a close one to Anson last week, 22 to 18. Hamlin scored on a covered kickoff in the Anson endzone by Jimmy Haught, an intercepted pass and a 20 yard return by Ronny Sipe and 20 yard pass play from Sipe to Danny Neidecken which was set up by a blocked punt.

**Frosh Beat Anson**

The Hamlin Frosh scored in once in each of the first two quarters and twice in the final period to down Anson 28-0.

Top boys for Hamlin were: John Overman, Robert Pierce, Robert Compton, Alan Comby, Jim McCurdy, Charles Prewit, Bibby Miller and Dan Maberry.

THE HAMLIN HERALD SEPTEMBER 28, 1961

Manners, wrote Lord Moulton, noted British jurist and parliamentarian, is obedience to the unenforceable. When the founding fathers mentioned the pursuit of happiness, they didn't mean at 90 miles-an-hour.

## INTRODUCING FOR 1962 THE NEW LEAN BREED OF DODGE

The black automobile above is the 1962 Dodge Dart 440, first of the Action-Economy cars. A low-price, full-size Dodge that will outrun, out-economize most any car around. For a fact, it accelerates seven percent faster on five percent less gas than last year's comparable model. Seats are chair-high. There's a fold-down center armrest in front.

The white car is the Lancer GT, America's first Sports Compact. It carries five. Corners flat. Handles neat. Really goes. Bucket seats, all vinyl upholstery, full carpeting are standard.

Full-size or compact, every Dodge is rustproofed. Has a smooth ride. Goes 32,000 miles between grease jobs. As always, Dodge means dependability.

NOW ON DISPLAY AT YOUR DEPENDABLE DODGE DEALER  
JOHN F. GREEN MOTOR CO. -- 412 South Central

PRESENTED CHECK—W. H. Carter of Sylvester is presented a \$50 check for having the first bale of the year by Fred Smith, BCD president, at the organization's directors meeting Tuesday morning. The bale was ginned at the Neinda Farmers Cooperative Gin and weighed 450 pounds. The cotton was picked from 10 acres on the G. W. Waldrop farm.

## OLD GLORY NEWS--

By SHARON LEVERETT

The Old Glory Future Homemakers of America met Friday in the study hall to elect officers for the year 1961-62. Time did not allow for the complete slate of officers to be selected but the following were elected: president, Donnie Sawyers; vice president, Mary Lynn Boles; secretary, Beverly Garner; and treasurer, Helen Lowack.

The Old Glory Girls' Club met Thursday for the first regular meeting of the school year. President, Sharon Leverett was in charge. The opening Motto, Pledge, and Prayer were led by Reva Letz. Secretary Carolyn Sander read the minutes. Billie Ann Vahlenkamp was elected Council Delegate. Susan Baldree was chosen to be the club mascot. She is the daughter of Mr. and Mrs. Oren Baldree. Adult Leaders Mrs. Oren Baldree and Mrs. Carlton Pierce were present for the meeting.

County Agent Truette Hennig was at the Old Glory School September 18 and helped the local 4-H Club boys to organize their clubs. Officers for the Old Glory High School Boys' Club are: president, Kenneth Spitzer; vice president, Sandy Leverett; secretary, Tommy Letz; reporter, Joe Cannon; and council delegates, Charles Diers.

Officers for the Old Glory Junior Boys' Club are as follows: president, Danny Letz; vice president, Kenneth Jones; secretary, Marvin Vahlenkamp; and reporters, Mike Baldree and Jimmy Leverett.

Three Old Glory 4-H'ers exhibited recently in the Stonewall County Swine Show at Aspermont. Gilts shown by Kenneth Jones, Nancy Vahlenkamp and Herbert Woolridge won second, third, and

fourth respectively. The County Boar was raised by Marvin Vahlenkamp and was shown Saturday at Sweetwater at the District Sears Show. The Stonewall County animal placed fourth. Stonewall County Gilt placed second in the District show and was raised by Brenda Dalby of Aspermont.

Testing in the Old Glory School will begin October 9. These tests include Achievement and Ability and Vocational Aptitude. The grades involve are seventh, tenth and eleventh. These tests are standardized and are a part of the State Minimum Testing Program. Next week will also be six weeks test week.

The Old Glory Basketball teams and Literary contestants will compete in District 17 this year. Other schools in the district are Lueders, Avoca, Noodle, Hawley and Trent. Basketball practice sessions open in October. The first district games will start after the first of the year.

Mr. V. R. Leverett, superintendent, attended the Area Administrators' meeting in Abilene Thursday. He reported that in the future they will discuss ways in which the Sales Tax affects schools and the Youth Physical Fitness program that is being stressed by the government at this time.

School-Day pictures of all students and teachers at Old Glory will be made next Tuesday by the Cole Studio of Abilene. These pictures will form the nucleus for the 1962 Pirate Yearbook. Parents with pre-school children are urged to come Tuesday morning for the picture; especially the children who will be in the first grade next year. Ad-

ults who would like to have small pictures will be welcomed too. The pictures do not have to be purchased if they are not wanted.

The 1962 Senior students elected the style of graduation invitation they wish to have next spring. They will not order until January. The 1963 Seniors selected their rings. They will be delivered the first of school next year.

The Old Glory Senior Class has ordered a wide assortment of Christmas, All-Occasion greeting cards, and Stationery to sell as part of their money-making projects this year. They will appreciate their friends and patrons who help them out. An added "attraction" this year will be the offer of personalized cards.

Mr. Tom Pritchard, principal and coach, attended a meeting at Hawley Wednesday night. This was an organizational meeting for the athletic events connected with the Interscholastic League events.

Mrs. Ray C. Leverett of Abilene was a visitor in the

V. R. Leverett home two nights last week. Miss Clarice Leverett of Abilene Christian College was home for the weekend.

Mrs. B. Evans of Lubbock was a recent guest in the "Red" Flow home.

The John L. Garner family visited Sunday at Haskell in the B. F. Worley home. The Worleys are Mrs. Garner's parents.

Recent guests in the Tom Pritchard home were Mr. and Mrs. Charles C. Peevey of Abilene, and Mr. and Mrs. Key of Rule.

Roy Wienke was a recent guest in the home of his parents, Mr. and Mrs. W. G. Wienke and his sister, Mrs. Garret Spitzer.

Robert and Janet Tabb of Lake Jackson visited for the past two weeks in the Allen Letz home.

Mr. and Mrs. J. R. Newman and four children of Aspermont visited in the home of their parents, Mr. and Mrs. Jimmy Newman.

The Lowack Family Reun-

ion held recently at Archer City was attended by several from this area. They included Mr. and Mrs. W. H. Vahlenkamp and Billie Ann, Mr. Lowack, and Herman Klose of Stamford.

Several young men from A.C.C. accompanied the Old Glory Church of Christ minister Sunday morning. They included Wilson Neal of California, Henry Doublet of San Antonio, and John Lau of China.

### Elected Class Prexy

The Friendship Sunday School Class of the Faith Methodist Church met Sunday evening to elect officers for the new Church School year beginning October 1.

Mrs. O. C. Stice will serve as president, with Mrs. Bill Dominey, vice president; Mrs. T. W. McGuire, secretary; Mrs. Charlie Carter, treasurer; and Mrs. N. L. Crowley, reporter.

Mrs. Doyle McKinnon will be teacher for the class.

## 'THE GUNS OF NAVARONE' OPENS FOR WEEK AT DRIVE IN

One of the greatest high adventures ever filmed, according to Hollywood report, Carl Foreman's "The Guns of Navarone" opens Thursday at the Drive In Theatre with Gregory Peck, David Niven and Anthony Quinn top-starring. The multi-million dollar Columbia production based on Alistair MacLean's novel, also stars Stanley Baker, Anthony Quayle, Irene Papas, Gloria Scott and James Darren.

Story of Allied commandos and Greek resistance fighters in a desperate raid on a German-held Aegean Sea island, "The Guns of Navarone" reportedly flames with unflinching excitement and suspense. Especially thrilling are the storm and mountain-club sequences, according to report.

Key to the film are the guns themselves. They command a

vitality-needed Aegean Sea channel; they cannot be destroyed by land, sea or air and so they must be destroyed by suicidal stealth. Chosen for the sabotage assignment are the film's male stars and co-stars. Once on the island of Navarone, they contact two women leaders in the Greek resistance movement.

Hollywood and advance audiences have nothing but ecstatic praise for the stars and movie makers responsible for "The Guns of Navarone," a film which was seven months in the actual making, with the full co-operation of the Greek government.

Peck reportedly is superb as the mountaineer who commands the Allied commando team. Niven is an explosives expert with an all-consuming distaste for war and of the

part he must play in it. Quinn is a Greek resistance fighter who hates Germans, and Peck, Baker plays a man who fought fascism in Spain; after seven continuous years of soldering, he is sick of killing. Quayle is seen as a British commando major, and Greek star Irene Papas and Hollywood's Gloria Scott play the resistance fighters who team up with the commandos; Miss Scott, as a girl made voiceless by German torture, Darren is seen as a Greek-born youth who, on the sidewalks of New York, learned to enjoy killing.

Screenplay for "The Guns of Navarone" was written by producer Carl Foreman, who was responsible for "High Noon," "Champion," "The Key" and a flock of other highly-honored films. Dimitri Tomkin, four-time Academy Award winner, penned the music for the film and J. Lee Thompson directed the Highroad Presentation for Columbia Pictures.

# MERCURY MONTEREY OFFERS EXTENSIVE STYLING CHANGES

Extensive styling changes, new luxury interiors and introduction of a new Custom series feature the 1962 Mercury Monterey.

The Monterey is the top entry in a wide range of products for Mercury in 1962. The Mercury name banner includes the Monterey, the compact Mercury Comet and the new standard-size Mercury Meteor to be introduced later in the year.

The Mercury Monterey this year offers 12 models in the standard and new Custom series. The Monterey has been lengthened an inch over last year to 215½ inches, but

the wheelbase remains 120 inches.

Both Monterey series will have the "Cushion-Link" suspension which improves riding comfort by permitting wheels to move rearward as well as upward under road shocks. Both series also make extensive use of body sound-insulation and include a wide variety of engine-transmission combinations.

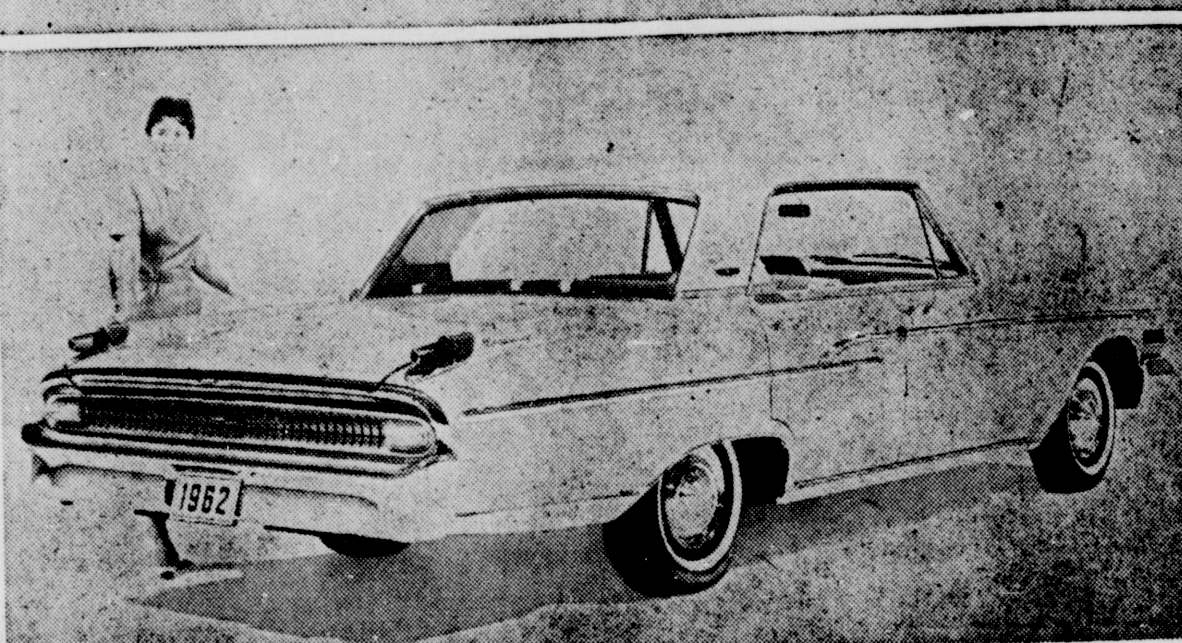

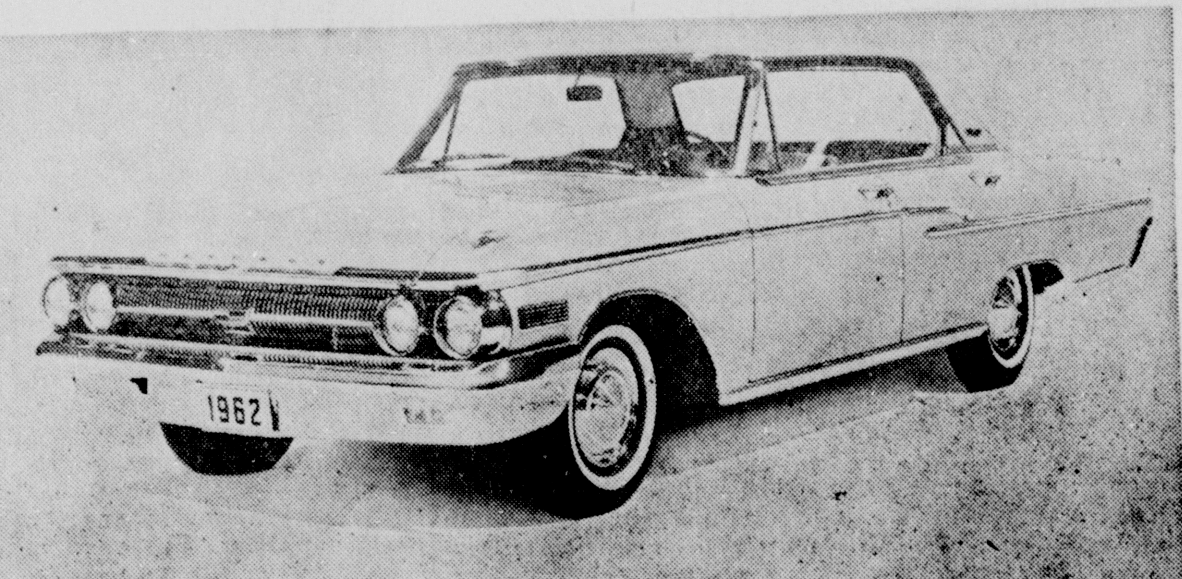

"A major factor of the new Monterey is increased owner value which is derived from further reductions in cost-of ownership" according to Ben D. Mills Ford Motor Company vice president and general manager of Lincoln-Mercury Division.

Items which reduce expenses for operating include:

- Oil change cycle increased from 4,000 to 6,000 miles
- Extended - life radiator coolant which normally takes care of anti-freeze protection for two years.
- New fuel filter with replaceable element good for normal service of 30,000 miles.
- Chassis pre-lubricated at factory requiring no major grease job for 30,000 miles.
- Use of regular-grade fuel in all but the highest compression engine.

The most dramatic appearance change in the 1962 Monterey is in the rear view. The styling borrows from the jet age with cone-shaped taillights repositioned on newly designed fender panels.

The front is marked by a new aluminum grille. The roof is four inches longer and extends forward from last year's model to provide better headroom and eyeshade. The side appearance is noticeably

Introduction of a new Custom series and extensive styling improvements distinguish the Mercury Monterey for 1962. The crisp roof is four inches longer and there are major styling changes in the rear of the car. The Monterey and the Monterey Custom series offer a total of 12 models, including the Custom four-door hardtop shown here. Nine engine-transmission combinations are available. Cost of ownership for the Monterey is reduced by extending normal servicing intervals to twice-a-year for the average driver.

different in sheet metal lines and trim.

Interiors are restyled with a new instrument panel, new trim materials and colors, and more use of bright-finish metal for such items as turn signal, gear shift lever and control knobs. Electrically operated windshield wipers clear 20 per cent more area.

A six-cylinder engine with 223-cubic-inch displacement and 138 horsepower offers maximum economy for the standard Mercury Monterey. Overhead valve V-8 engines are: 292 cubic inches with 170 horsepower, 352 cubic inches with 220 horsepower and 390 cubic inches with 300 horsepower.

There are 12 models in the two Monterey series. Both the standard and Custom series offer four-door sedans, two and four-door hardtops, and six and nine passenger four-door station wagons. The standard series also includes a two-door sedan while the Custom series includes a two-door convertible.

## GAS COMPANY TO OPEN GAS RANGE-O-RAMA OCTOBER 1

Gas Range-O-Rama, an extraordinary presentation of exciting new gas ranges, is scheduled to begin October 1 and continue through November 30.

Twelve hundred gas range dealers in 467 cities and towns in Texas and Oklahoma will participate in the presentation. Special prices and liberal trade-in allowances on used ranges will be offered during the Range-O-Rama to acquaint the modern homemaker with the advantages of futuristic gas ranges.

The gas range dealers in conjunction with Lone Star Gas Company, will present an array of colorful displays accenting the Range-O-Rama. The displays will emphasize remarkable new innovations in gas cooking.

A new oven control which gives full temperature down to 140 degrees is the newest feature of the modern gas range. The control, a gas exclusive, closely parallels the popular surface burner control "burner-with-a-brain," in accurate, automatic temperature control. The oven control is called "oven-with-a-brain."

The accurate temperature control down to 140 degrees is a definite first in the history of cooking. Tests have proven that this is the ideal temperature for keeping food warm without continued cooking.

For example, a roast cooked medium rare can remain so for several hours with the new oven control. It can even be carved, arranged on a delicate china platter, returned to the 140 degree gas oven, and still

It takes hundreds of nuts to hold a car together, but only one behind the wheel to scatter it all over the landscape.

be pink and tender when served.

The coolness of gas cooking also will be emphasized in the Range-O-Rama. Heavy blankets of insulation keep heat inside the gas range to cook the food, not the cook. There is no lingering after-heat with gas ranges, as those which will be displayed during the Range-O-Rama will demonstrate.

## TELEPHONE TALK

by Roy Eury, Manager

### TELEPHONE SERVICE NEAR NORMAL AFTER HURRICANE CARLA STRIKES

Hurricane Carla has come and gone, and I know we were all glad to see her go. Even though we were not directly affected here in Hamlin, I'd like to tell you a little of what she did to telephone service on the Gulf Coast and what Southwestern Bell did about it. It's an interesting and dramatic story.

As Carla faded northward after her terrible blow at the Gulf Coast, she left behind:

- damage totaling \$6½ million to telephone facilities
- 144,000 telephones knocked out along a 500-mile stretch of coastal front and inland points
- miles of telephone lines and poles flattened in a twisted maze of wire and splintered wood
- 15 Southwestern Bell exchanges completely isolated, including Freeport, Bay City, and El Campo, along with 28 other communities

Telephone people were ready for the emergency. Before the winds and rains had subsided, Southwestern Bell had men and equipment rolling to the disaster area to restore crippled telephone service.

An army of 5,400 telephone men from many cities and states was hastily assembled in the Galveston-Corpus Christi-Victoria area. More than 900 come from points in North Texas, Oklahoma, Arkansas, Kansas, and Missouri.

#### EQUIPMENT FLOWN IN

At the same time, the company flew emergency generating equipment for electric power into the storm area from many places in our five-state territory. From other cities in North Texas, special mobile radio trucks converged on the stricken area to help bridge the gap left behind by the silenced telephones, relay emergency messages, and maintain contact with the "outside world."

These joined forces with the men, trucks, and other emergency equipment which Southwestern Bell already had sent into the area as a precautionary measure when hurricane warnings were first issued.

#### OPERATORS FROM WEST TEXAS

While repair crews began the work of restoration, 150 telephone operators from Lubbock, Amarillo, Abilene and other West Texas points were sent to Houston and other storm-hit cities to help handle the tremendous volume of long distance calls... many of them vital messages from police, public health, civil defense, and other agencies.

With skill, determination, and co-ordinated teamwork, Southwestern Bell people worked 'round the clock until all circuits were restored and all telephones back in service (where the condition of homes and businesses permitted). Telephone service in the disaster area is now back to normal. It was a tremendous job, carried out under trying conditions at top speed.

When Hurricane Carla struck, telephone people "came through" 100 per cent in the emergency. Southwestern Bell's "telephone team" of men and women again demonstrated their ability to meet the challenge of the storm in the highest traditions of "The Spirit of Service."

Call by number. It's twice as fast.

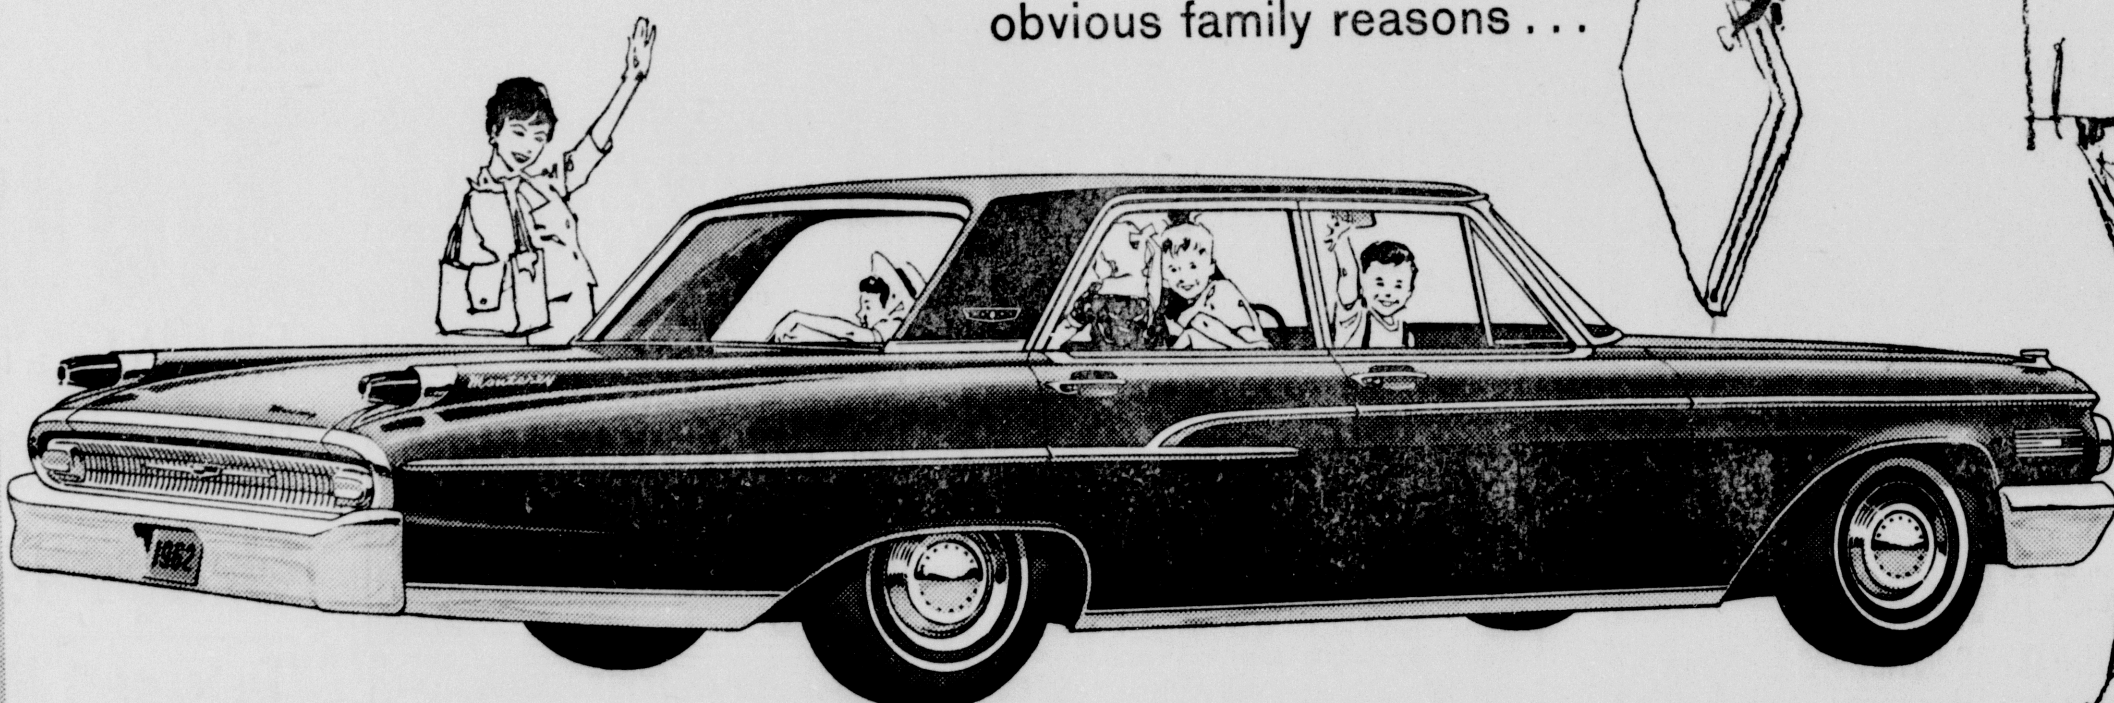

**SOUTHWESTERN BELL TELEPHONE COMPANY**

## 1962 MERCURY ANNOUNCEMENT

### First showing! 1962 Mercury MONTEREY... the best-looking buy for the big-car man

For the man who prefers  
the luxurious  
"feel" of a big car  
... or needs one for  
obvious family reasons...

This is the one for the big-car man. Spacious, handsome, powerful. Compare it with other cars at its price. It stands out like a man among the boys. Has those big extra values a man likes.

#### THE EXTRAS THAT MAKE THE DIFFERENCE

Take comfort. It's a 6-passenger car without qualification. Has extra room, a longer (120") wheelbase than other cars in its class. A smoother, quieter ride—the result of exclusive Cushion-Link Suspension and greater use of soundproofing. Finer performance—a

choice of "6" or three brilliant V-8's for any power-economy combination you wish. And you'll like the extra savings...

#### NEEDS ROUTINE SERVICE ONLY TWICE A YEAR...

... at 6,000- to 30,000-mile intervals. Changing oil, for example, now only has to be done every 6,000 miles. A new-type anti-freeze, anti-rust coolant lasts 2 years or 30,000 miles! And a dozen other self-servicing features cut upkeep still further. Stop in. Size up a Mercury Monterey for value. The price? Well within the popular-price range.

office machines:  
the most complete  
line ever available  
from a single source

The wide range of Underwood standard and electric typewriters, adding machines, calculators, accounting machines and tape-to-card converters is assurance that we are uniquely able to provide the right machine for your specific work.

For example, we have three brilliant new Underwood electric typewriters—each with important, exclusive advantages. But when typing demands don't justify an electric machine, we are able to provide a new Underwood standard typewriter that produces high-quality general-purpose typing at exceptionally low cost.

No matter what your typing or calculating requirements, it's almost certain that one of our Underwood office machines can help reduce your office costs substantially.

For a demonstration of these new Underwood machines—on your own work, in your own office, at your convenience—call us today. We're here to serve you.

**underwood RAPHAEL:** An electric typewriter with automatic variable spacing and polyethylene carbon ribbon, designed to provide top management with typing of unmatched beauty, dignity and clarity. Operators quickly adjust to the Raphael, and appreciate such features as the title-centering scale and reverse tabulation.

**underwood FORUM:** An electric typewriter with standard spacing and both polyethylene carbon and fabric ribbons, for correspondence demanding typing of distinguished appearance.

**underwood SCRIPTOR:** A full-size fully-electric typewriter with fabric ribbon and standard spacing, designed to provide office management with general-purpose typing of high quality.

**underwood-olivetti LETTERA 22:** A super-light-weight portable typewriter with all important big-typewriter features including keyboard tabulation and basket shift; the perfect portable for traveling executives, students and home use.

**underwood-olivetti STUDIO 44:** A compact standard with all important office-typewriter features including full-size keyboard and keyboard tabulation, and yet easily portable; ideal for the professional office or the home.

**underwood TOUCH-MASTER FIVE:** A standard typewriter of handsome styling, exceptionally light touch, unusual operating ease and such advanced features as touch tabulation, designed for general-purpose typing of high quality.

**underwood-olivetti PRIMA 20:** a completely portable (8½ pounds) high capacity (99,999-999,999) 10-key adding machine with direct subtraction, credit balance indicator, column indicator, multiple-cipher keys, printed tape and other features not usually found in so low-priced a machine. Ideal for accountants, traveling auditors, small offices, and home use.

**underwood-olivetti ELECTROSUMMA 22:** A high-speed, high-capacity 10-key adding machine with automatic credit balance and direct subtraction that offers a number of advantages including column indicator, single, double and triple cipher keys, and automatic dater. The Electrosumma 22 also performs multiplication.

**underwood-olivetti DIVISUMMA 24:** A high-speed, high-capacity calculator with exclusive "memory" feature that eliminates manual re-entry of intermediate results in combined operations, saving time and eliminating a common source of error. Like all Underwood-Olivetti figure-work machines it prints an easy-to-read tape record of all operations for quick checking and inclusion with work sheets.

**underwood-olivetti TETRACTYS:** A dual-register version of the Divisumma 24 with a "memory." It performs all the operations of the Divisumma 24 and is able to handle complex combined operations. Its abilities include automatic accumulation of products and quotients.

IT NEVER FAILS

STATE CAPITAL Highlights AND Sidelights by Kern Sanford

AUSTIN, Tex. — As the weeks go by and new emergencies arise, Gov. Price Daniel finds more reasons for calling Texas Legislators back to Austin for another special session.

In addition to the Governor's unfinished program, Hurricane Carla has produced other reasons.

It is definite now that the Governor will ask for more money for the Highway Patrol and for the National Guard. He had to advance money to the Guard, from his emergency fund, to pay salaries and expenses of Guard units called up for hurricane duty.

Major General James E. Taylor, adjutant general, said that the 2,300 men and 800 vehicles called out for hurricane duty made up the largest peacetime operation in Guard history.

After Governor Daniel's aerial tour of the hurricane-struck coastal area, he estimated that some 3,000 lives would have been lost had it not been for the organization of civil defense, coordinating with local groups, to evacuate the area. He also estimated \$400,000,000 loss to public and private property.

"I can see now that we need to provide more money for the National Guard and we need to provide more High-

ways, fields and pastures, ever experienced.

Of the prospective 100,000 bales of cotton in the fields, about \$11,000,000 worth was probably lost, the USDA said. Additional losses will result from grade reductions, the agency states.

JANUARY SESSION TALKED—Chances are that Governor Daniel will have legislators back in Austin during January.

Rep. Murray Watson of Mart suggests that Daniel set up a grass-roots committee of citizens to bring in proposals for removing inequities in the new sales tax law for action at the special session.

Comptroller Robet S. Calvert continues to explain the law. He ruled that the American Red Cross is exempt from the sales tax on its purchases, since it is an agency of the Federal government.

Calvert is studying a request from some large industrial firms that they be allowed to be "direct" payers of the tax. Theory is that life would be simpler if they could keep records and pay the tax once each quarter, instead of paying it hundreds of times a day in the normal course of business.

TAX DOLLAR ANALYZED—Texas Legislative council has taken a new look at where the State's tax dollar comes from and where it goes.

Study reveals that 52 per cent of it is derived from the several types of sales taxes levied in the state, including 15.8% from the new 2% limited sales tax.

Oil and gas production and

severance taxes account for 19.1%, business taxes 11.4%, motor vehicle registration fees 9.5%, state property taxes 4.1%, inheritance tax 1.3%, others 2.6%.

Motorists get tapped for 33.9% of the tax dollar, including the motor fuel tax at 21.4%, the sales tax at 3%, and registration fees at 9.5%. Nine per cent comes from tobacco taxes and 2.2% from alcoholic beverage levies.

Our free public school system is taking 33.9% of the tax dollar. Highways and roads are next at 26.8%. Public welfare gets 15.8%. Higher education comes in for 9.6%, while health, hospitals and special schools account for 4.5%.

NEW FARM ROADS APPROVED—A one year program calling for construction of 613 miles of new farm to market roads costing \$15,200,000 has been approved by the State Highway Commission.

This was approximately half of the usual program authorized by the Commission, as the result of Governor Daniel's veto of the \$15,000,000 for this purpose in the second half of the biennial appropriations bill.

Governor Daniel cut out the second year allocation in order that more flexibility might be attained in providing maintenance for the farm roads system.

Since 1949, under the Colson-Briscoe act \$15,000,000 annually has been earmarked for the construction of farm to market roads, causing all maintenance costs to come out of trunk highway funds.

While this arrangement was necessary for many years, to build up farm road mileage, the highway commission says the problem now is financing the maintenance of these roads. Therefore, at least a portion of the earmarked funds needs to go for this purpose.

Action on this matter is expected in the next special session of the legislature.

OIL PRODUCTION CUT—Allowable oil production in Texas for October has been reduced by an estimated 48,490 barrels per day, on order of the Railroad Commission. Order was based on estimated market demands.

An eight-day producing pattern was ordered for most of the state. This will result in a total allowable production of 2,683,214 barrels daily.

Eleven out of 12 major purchasers of Texas crude oil had recommended the eight-day pattern. Sun Oil Company suggested nine days of production.

TEXAS GETS MOON ROCK LAB—Selection of Texas as the site for a laboratory to develop the nation's first moon rocket was hailed by Governor Daniel as one of the most important signs pointing to future progress for the state.

"The Federal government's choice of Harris County for the \$600,000,000 space laboratory means that some of the world's most important work in the peaceful conquest of outer space will be undertaken at the location near Houston," said Daniel.

"It will attract scientific personnel and plants to the state and increase the importance of the Houston area as a center of civilian, military, space and medical research," he observed.

RETAIL SALES INCREASE—Retail sales increased seven per cent during August, the Bureau of Business Research at UT reported.

The impending sales tax which went into effect September 1 was called a major factor in the increase. Namely, buying before the tax went into effect.

It was referred to as a "brisk rise" compared to the two per cent decline sales took during July.

Furniture and appliance stores led the field with a 23 per cent increase for August, where the usual increase from July to August is one per cent.

Apparel stores also increased, primarily with the back to school rush for clothes. Steady increases were forecast because of a Texas birth rate considerably higher than the national average.

Births in the first six months of this year totaled 121,796 compared with 115,730 during the first half of 1960.

NEW MEDICAL SCIENCE—Two University of Texas scientists are looking into a new branch of medical science through which it may some day be possible to determine in advance a person's susceptibility to certain diseases and ailments.

Drs. Robert J. Williams and Frank L. Seigel, reporting on the new science called "protopetology" in the American Journal of Medicine, say the technique needs only to be developed, that it must be based on increased knowledge about individuality in the areas of anatomy, physiology and biochemistry.

Knowing in advance who might get what, the scientists say it may be possible to avoid such diseases as gout, arthritis, atherosclerosis muscular dystrophy, multiple sclerosis, cardiac and circulatory diseases, cancer, allergies and numerous other types of diseases and ailments.

"There is probably no single disease among those mentioned which might not be prevented, at least to a substantial degree, if we knew what the roots of resistance are and took appropriate measures," they said.

One thing can be said for backseat drivers: they never lose control of the car.

... serving the West and Southwest . . . the railroad that is always on the move toward a better way.

The 1962 Ford Galaxie line features a crisp, fresh approach to Ford's classic styling. Shown here is the Galaxie 500 Sunliner convertible, one of twelve models in the Galaxie line. While the new Galaxie is slightly shorter and fractionally narrower than the 1961 model, the large passenger compartment is the same as 1961. Large door openings, coupled with Ford's convenient two-position door stops, make entering and leaving the Galaxie an easy and natural movement. The Sunliner top is anchored at each roof bow to prevent "ballooning" when underway. The vinyl-lined top is stowed under a color-keyed boot.

One reason for many traffic violations is the fact that the long arm of the law is often short-handed.

#### PHILLIPS TIPS By C. R. Lovell

It takes good gasoline, the proper oil to keep a motor running in top shape—to make it "purr." For lubrication and car-washing too... see us.

## FALCON EXPECTED TO HIT MILLIONTH MARK BEFORE 1962

The Ford Falcon, most successful new car ever launched, will reach another milestone before the end of 1961—the sale of the one millionth Falcon.

Ford dealers sold 778,086 Falcons in the first 21 months since the introduction of the compact car on October 8, 1959.

Pointing out that 1961 year-to-date sales are running well ahead of 1960, Lee A. Iacocca, Ford Motor Company vice president and Ford Division general manager, stated "with the introduction of the 1962 Falcon models, we anticipate even greater sales gains by the industry's top-selling compact."

"We expect to reach the 1,000,000 sales mark by late November or early December, giving the Falcon an unparalleled sales record in the automotive industry," Mr. Iacocca said.

Mr. Iacocca also pointed out that the Falcon is not only the No. 1 selling compact in the industry, a position it has held since three months after its introduction, but also the third best selling car in the industry.

The Falcon station wagon is the No. 1 compact station wagon in sales. The Falcon Futura, the luxury compact with bucket seats, has accounted for better than one of every five Falcons sold since its introduction in April, 1961.

#### Rotan Couple Win Local Bridge Meet

Mr. and Mrs. Preston Morrow of Rotan were first place winners at the meeting of the Hamlin Open Duplicate Bridge Club, Saturday evening.

Second place was taken by Jerry Howard and Jerry Rollis with Bryon Bell and D. C. Andrews placing third.

The next meeting will be held September 30 at Bunnie's Restaurant. Players are asked to arrive before 7:30 p.m. in order for the table movement to be set up and play to begin promptly at that time.

A Canton, Pa., motorist bought a horse and buggy after losing his driver's license for speeding. He hung this sign on the buggy: "Drive slow or you, too, will ride this way."

## TUXEDO NEWS

By MRS. CLYDE PRITCHARD

Mr. and Mrs. Lowell French, from California spent Monday night with Mr. and Mrs. Bethel Baize. They also visited Mr. and Mrs. Bill Pritchard and family while here. On Tuesday they went on to Waxahachie where they will visit other relatives.

Jimmy French of Kileen was home for the weekend with his parents and other relatives this weekend.

Bill Pritchard went to Lubbock Saturday with Karol French who went for treatment from a skin specialist there.

We are happy and proud to report another nice honor that Betty Wisener has earned. She has been chosen cheerleader at Ranger Jr. College. Betty was here this weekend to visit her parents, Mr. and Mrs. C. E. Wisener and her brother J. T. and also attended morning services at the Baptist Church.

Paige Baize of Abilene was the speaker at the Church of Christ Sunday. His wife and two children, Dianne and Donny accompanied him.

Mr. and Mrs. Olin Morris of Mineral Wells spent Monday with Mr. and Mrs. Gayle Baize, Marlene and Van. Mrs.

Morris is an aunt of Mrs. Baize.

Johnny Paul Cooper, who is home at Rotan on leave from the Navy, at San Deigo, California, visited Ronny Stephens Saturday night.

Mr. and Mrs. Craig Stephens and sons, Ronny, Bob, and Keith spent Sunday at Sylveston with Mr. and Mrs. Paul Stephens.

Mr. and Mrs. Earl Keese of Stamford visited Mrs. C. P. Amerson Sunday afternoon.

Eugene Parnell and children, Mitsi and Tony of Abilene visited Mr. and Mrs. Ben Ashburn Sunday.

Mrs. T. Brady of Sweetwater visited the Ben Ashburns and other friends here Saturday.

Mr. and Mrs. Bill Glenn and children of Albany visited Mr. and Mrs. Bill Pritchard Sunday and also the Joe Carltons.

Bill Pritchard and John Ed Youngquest were among several men to accompany Weldon Hollbrook to Spur Wednesday to an experimental station there.

The offering for hurricane Carla victims, taken at the Baptist Church Sunday morning was brought up to something over sixty dollars and

quite a few clothes and food was donated.

The church members also presented the pastor, Rev. Benny Walker with a love offering.

Several people here are already feeling the effects of the fall weather by having and flu.

Mexican laborers are moving in here in preparation of helping gather the cotton crop but since the cotton is late in this community there has been none ginned so far but shouldn't be long now.

Mr. and Mrs. Edgar Brigham spent from Tuesday till Friday at Midlothian visiting Mr. and Mrs. Elton Brigham and children.

Mr. and Mrs. Oran Brigham and son Randy spent Friday in Abilene visiting Mr. and Mrs. Garland Wade.

Garland is a former resident of this community and just returned home from the service in Germany in June, and was called back again recently.

Mr. and Mrs. Andy French attended the Hamlin-Rotan football game Friday night. Andy Jr. played. Mr. and Mrs. Robert James of Winters met them there.

Andy Jr. was chosen as class favorite of Hamlin Junior class, and Penny Ford was the girl chosen. We are proud of these achievements for these two in our community.

THE HAMLIN HERALD

SEPTEMBER 28, 1961

Mr. and Mrs. Tom Gilbreath and Sandra went to San Antonio Saturday to visit Mr. and Mrs. E. D. Burns and sons. They returned home on Sunday.

Mr. and Mrs. Paul Galey of Hamlin visited the Clyde Pritchards Sunday afternoon. Mr. and Mrs. Grover Beakley of Brownwood spent last Sunday night with Mr. and Mrs. Bethel Baize, then on Monday, Mr. Baize and Mr. Beakley made a trip to Lubbock.

Mr. and Mrs. Spencer Baize and son spent Sunday in Abilene with Mr. and Mrs. Ralph Merchant and other relatives. Mrs. Joyce Newman was hostess to the weekly coffee club Thursday with seven members present.

Mrs. Benny Parnell and son, Ben Jr. accompanied her parents Mr. and Mrs. Weav Medlin of Stamford to Temple Tuesday to visit Mr. L. Medlin and other relatives. They returned home Thursday.

COST OF LIVING?  
'way up here!

PRICE OF ELECTRICITY?  
'way down here!

## 21% DOWN

Since 1950, living costs have been going up, up, up.

Since 1950, the average cost of a kilowatt hour of electric service to residential customers served by West Texas Utilities Company has gone down 21%!

Electricity costs so little — you can afford to use lots of it. Start living better electrically, today.

West Texas Utilities  
Company

Now here—a great new exclusive from Buick

# ADVANCED THRUST

Moves power forward for arrow-straight going

It puts the engine ahead like the tip of an arrow • It tames "wind wane" and road sway • It sweeps you forward in a hush of luxury • It turns floor hump into foot space.

WHAT IT IS—Buick's big new move: It positions the great new Wildcat V-6 and Turbine Drive way up front over Buick's front wheels.

WHAT IT DOES—As the engine went forward, the floor hump went DOWN. And, the forward weight makes wheel response far quicker, cornering far surer, ride far smoother.

WHY YOU'LL LOVE IT—It's the closest you can come to sports car handling in a passenger car. Distances shrink before its 3/4-G thrust. Hills disappear. Lean on curves is gone because the frame's gone wider. Winds don't make you wander. It's going at its Buick best!

## ON DISPLAY AT PREWITT MOTORS RESTYLED PLYMOUTH, CHRYSLER

Prewitt Motors will display the completely restyled Chrysler and Plymouth lines for '62 today. Both lines have been redesigned from front to back, both outside and inside.

Chrysler's price surprise is the Newport which is a full-size car. Inside its full-size, all-welded Unibody, there's plenty of room for six adults—plus 33-cubic-feet of luggage space. Newport has all the good things you'll find in every full-size Chrysler.

The biggest news about the new '62 Plymouth is Forward Flair Design—a new concept in Plymouth's poised look.

You see Forward Flair Design in Plymouth's poised look.

Gert's a gay girl—ready for a whirl after cleaning carpets with Blue Lustre. Shampooer For Rent. R. Y. Barrow Furniture. 49-1c

FOR SALE—Triumph Seed Wheat, Nortex and Moregrain Oats, Elbon Rye, Rodgers Barley, Cleaning and treating Seed . . . Daily. Pied Piper Mills. Phone SP 4-1684. Hamlin, Texas. 47-3c

## MISCELLANEOUS

DO YOU have a drinking problem? Write Alcoholics Anonymous, strictly confidential, P. O. Box 384, Anson, Texas. 41-52c

For all floor covering installations—carpet, tile, linoleum—Call Bill Dobbins at VA 4-2270 or Doug White at VA 4-1809. Anson. 48-4p

WANT TO BUY—A good used practice piano. Call after 6 p.m. SP 4-2246. 49-tfc

WANT ABOUT 30 head of cattle to pasture. C. C. Renfro. Phone SP 4-1934. 49-1p

## HELP WANTED

WOULD LIKE TO HEAR FROM DEPENDABLE PERSON with car regarding opportunity to supply consumers with Raleigh Products in N. Jones County. For information see Mrs. Mary Williams, Rt. 1, Merkel or write Raleigh TX1-791-518, Memphis, Tenn. 49-3p

of power and purpose. You see it in the way the accent has been moved toward the front of the car. You see it in the longer, more powerful hood. You see it in every slim line of this completely repositioned, completely new-looking low-price car.

Besides the Newport, the Chrysler choice includes the Chrysler 300, the sports series—as exciting as any automobiles that ever belted down a highway and the Chrysler New Yorker, Chrysler's finest.

## '62 BUICKS ON DISPLAY

Buick introduced a newly-styled line of cars for 1962 Wednesday, featuring a revolutionary 90-degree V-6 engine in its Special series which has been expanded to include a two-door convertible.

All regular-size Buick cars boast a new design with sporty new roof styles and long sweeping lines to make the car look bigger and more massive.

"We have recaptured that big-car look that has traditionally characterized Buick styling," said Edward D. Rollert, general manager of Buick and vice president of General Motors.

For the first time, Buick, which pioneered the hardtop styling 12 years ago, will offer a two-door hardtop that looks like a regular convertible. These models will be available in the Invieta and LeSabre series.

A new roofline with wide sloping rear pillars, distinguishes the two-door and four-door hardtops in the new Electra 225 series.

Interiors in the regular line have been restyled, fashioned in the latest luxury fabrics in nylon, leather and vinyl. The instrument panel also is of new design, with an instrument cluster designed around a new needle-type speedometer.

## The Ford in your future will be here tomorrow!

Starting tomorrow at your Ford Dealer's, you will discover a line of Fords so long, so new, so varied that everyone will find his personal Ford—the car that fits his pleasure and needs *precisely*! ■ For those who want a true luxury car, there are two distinguished new series of Galaxies—both swift as a rumor, silent as a secret. With Thunderbird styling, and quality that sets a new industry standard, the 1962 Galaxies give you every essential feature of far costlier cars. ■ If you are looking for economy without

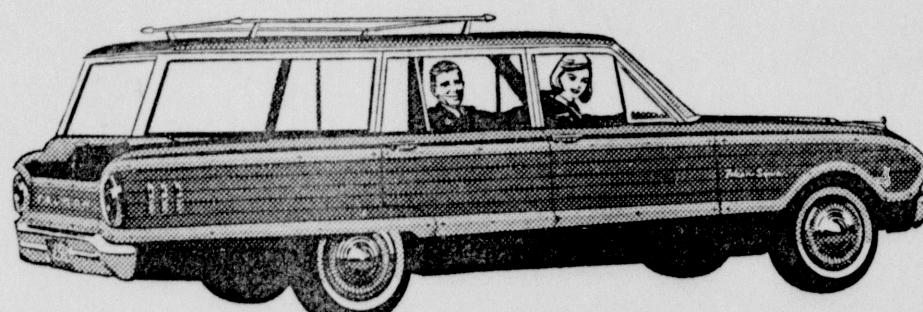

compromise, look to America's favorite compact: this year there are more Falcons than ever to choose from—13 in all. ■ Wagon fanciers will find unprecedented variety—from a new wagon that seats eight to a Falcon Squire Wagon with the rich woodlike finish of the famous Country Squire. ■ Pick the Ford in your future with this confidence: every 1962 Ford is built to a standard of quality so high that it will change all your ideas of how fine, how quiet, how enduring a car can be.

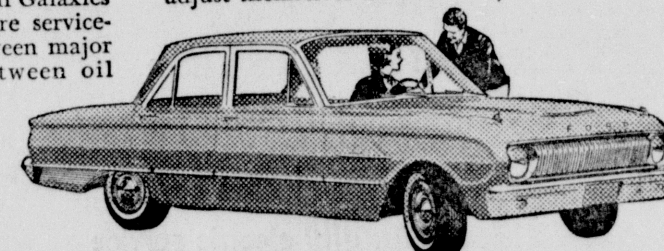

Galaxy 500 Club Victoria (foreground)  
... Galaxy Town Sedan (background)  
... The Galaxy 500—new in name, new in luxury—is for those who want all of the elegant extras. The 1962 Galaxy makes

it easier than ever to move up to fine-car luxury—at the low Ford price. All Galaxies are beautifully built to be more service-free. They go 30,000 miles between major lubrications, 6,000 miles between oil

changes and minor lubrications. Brakes adjust themselves automatically.

FALCON SQUIRE WAGON . . . Brand new for '62, it's sleek and sophisticated. Inside, it is available with Futura bucket seats and console! Outside, it has elegant woodlike steel side paneling.

FALCON FORDOR SEDAN . . . Just one of 13 Falcons for 1962, this 4-door sedan has an improved version of the Falcon Six engine that last spring recorded the best gas mileage for a Six or Eight in the 25-year history of the Mobilgas Economy Run.
